Greetings,

This is my recommendation for Katherine L. Pritchard. I served as Robert Morris University supervisor for Katherine's fall, 2015 marketing and public relations internship with Bedlam Theatre in St. Paul, MN. Katherine's internship involved "a key role in concept development, guerrilla marketing, and...a wide variety of digital projects." Her site supervisor's reports to me included a description of Katherine as "a delightful intern.... [W]e feel blessed to have her as part of the Bedlam team." Katherine produced blog content and developed copy to support Bedlam's mission. My own interactions with her confirm that she is highly intelligent and motivated, with an impressive breadth of intellectual interests that would suit her ideally for graduate study. She received an A for the course.

Based on my communication with Katie over the past semester, I believe that her personal qualities such as intelligence, ambition, and perseverance, and her "real-world" and academic achievements (including several semesters on the Dean's List) demonstrate that Katherine will make a valuable contribution to your company. I believe that her writing abilities, her curiosity, and her personal drive equip her admirably to thrive in a variety of professional environments.

Please feel free to contact me if I can provide additional support for Katherine Pritchard.

Best regards,

Professor John Lawson
